Osteria collection

Quella della nonna, a quadri, è da tutti considerata la tovaglia per antonomasia. Abbiamo voluto arricchire la linea classica, che richiama l'osteria di un tempo, con quadretti e colori più attuali, per garantire un risultato più chic, pur mantenendo quel sapore "di casa" tanto apprezzato.

ENG

The chequered pattern, beloved by grandmothers, is universally considered to be the tablecloth par excellence. We wanted to enrich the classic line, which recalls the tavern of yesteryear, with check patterns and more contemporary colours, to ensure a more chic result, while maintaining that much-loved "homey" flavour.

FRA

La nappe de grand-mère, à damier, est considérée par tous comme la nappe par excellence. Nous voulions enrichir la ligne classique, qui rappelle la taverne d'antan, avec des carrés et des couleurs plus actuelles, pour assurer un résultat plus chic, tout en maintenant la saveur « maison » tant appréciée.

DEU

Die karierte Tischdecke, die von allen als die Großmutter Tischdecke par excellence angesehen ist. Wir wollten die klassische Linie, die an die Taverne vergangener Zeiten erinnert, mit Quadraten und aktuelleren Farben bereichern, um ein schickeres Ergebnis zu erzielen und gleichzeitig den beliebten „Zuhause“-geschmack beizubehalten.

ESP

Todos consideramos el mantel de la abuela, de cuadros, como el mantel por antonomasia. Hemos querido enriquecer la línea clásica, que recuerda a las posadas de antaño, con cuadros y colores más actuales para lograr un resultado más elegante, sin renunciar al tan apreciado sabor «de casa».
